Dear Buffalo Public School Family:

I wish to extend my heartfelt wish for a safe and healthy holiday season to all of you and your families. You have all been in my thoughts as we make decisions daily about the re-opening of in-person instruction at our schools.

On Monday, February 1, 2021, the District will commence in-person instruction with our students. I am providing you with a 30-plus calendar day notice of return to your work locations. Be advised that all staff, in schools and at all Central Office locations, will return to their regular work locations on this day. Your principals or supervisors will provide you with clear directions for your daily schedules.

As individual school re-opening plans - developed by Principals and their teams in concert with District staff - phase-in the return of our students, be assured that our Central Office operations are entirely committed to and focused on your success at schools. Together, we can ensure the safe and exciting return to schools that our students, staff, and families have been eagerly anticipating. And, together, we'll take the time to meet our students where they are and provide them with everything they need to be successful.

GOD and local pandemic conditions willing, I look forward to seeing all of you on February 1 and visiting you in your schools.

We must all comply with the pandemic safety rules and work together to assure a safe re-opening for our valued and hard-working employees and our precious students.

Respectfully,

Dr. Kriner Cash
Superintendent
