

Q3 I support requiring teachers and staff being vaccinated against the COVID-19 virus and its variants, unless there are reasons, such as: religious, medical (immunocompromised, pregnancy, adverse reactions to similar vaccines, a doctor's advice, etc.) that cause the teacher to not become vaccinated. If a teacher is not vaccinated, the District must make testing available at their school/site at no cost to them. If a teacher is disciplined by the District as a result of their not being vaccinated, the BTF, as per the BTF contract, will defend said teacher.
