

**TO:** All BTF Members  
**FROM:** BTF Elections Committee  
**DATE:** Thursday, May 4, 2023  
**SUBJECT:** Online Voting Election News: Login Information

---

Greetings Buffalo Teachers Federation members,

The Buffalo Teachers Federation has once again partnered with Survey & Ballot Systems (SBS) to administer the **BTF Officers Election 2023**. Look for the Survey & Ballot Systems email invitation tomorrow.

Online voting begins on **Friday, May 5** between 9:00 AM and Noon (a measured email invitation rollout) and continues through **Tuesday, May 16** at 11:59 PM at which time the election portal will close.

You may enter the election ballot site as many times as you wish to view the slate of candidates running for each office, select candidates in each category, read candidate platform statements (BIOS), and view a candidate photo and their credentials from 2021-2022 and 2022-2023. Keep in mind that your ballot is not cast until you submit the ballot. You may exit the site and come back at a later time to finish reading and voting. All election information contained in the **Provocator** is included at the election ballot site with the exception of advertising.

If you do not have your election login information, please click on the link below, enter your personal email address that is on file with the BTF, and your election login information will be emailed to you.
